THE CIRCULAR

To,
ALL Vice Presidents / Managing Committee Members / State / District Level Associations / All MEMBERS

Sub.: INDEFINITE NATIONWIDE CHAKKAJAM FROM JULY 20, 2018 AS GOVERNMENT FAILED TO ADDRESS ISSUES CRITICAL TO THE TRANSPORT TRADE

Sir,

The road transport fraternity of India supported the Government during Demonetization, Roll Out of GST & E-way Bill but the Government failed to empathize with its deteriorating health or address its issues, some of which has been pending since a long time, and now have reached critical proportions The road transport fraternity could take it no further.

The repressive and retrograde policies of the Government, not attuned with ground realities, are trampling the transport sector and now it is on the verge of imminent collapse. The transport sector is running into deep losses with ever rising operating costs and unrealistic freights.

At the 205th Meeting of the Governing Council of AIMTC the following issues were discussed by members who came from across the country and the House took an unanimous decision to go for indefinite nationwide chakkajam from July 20, 2018.

The issues discussed are as under :-

- The continual and abnormal Diesel Price Hike
- Non – Transparent Toll Policy
- Annual Hike in Third Party Premium
- GST & E-way Bill Issues & Delay in payment of Freight by service recipient for Transporters, Bus Operators and Rent-a-Cab segment
- Long Pending National Permit for Tourist Vehicles
- Corruption, Harassment on the Roads by RTOs, Police and CTOs
